

# PURE SUNFARMS™

## Production Planner

Pure Sunfarms is a vertically integrated, large-scale, low-cost supplier of high-quality cannabis to the Canadian adult recreation market, headquartered in Delta, BC. As a 50/50 joint-venture of Village Farms and Emerald Health Therapeutics, Pure Sunfarms is backed by one of North America's leaders in high-tech greenhouse growing.

We are trail blazing this industry with some serious clout – and by serious, we mean a 30-year track record of operating mega-scale greenhouses. We are led by a team of seasoned executives along with a team of cultivation experience from around the world. Let's just say - we are building and operating on a whole new level.

### ESSENTIAL FUNCTIONS

- Consolidate, summarize and create action plans for forecast accuracy improvements.
- Track inventory and monitor throughput versus target
- Work with the supply chain team to quickly resolve issues when demand exceeds allocation or when there are long term supplier capacity constraints
- Manage weekly and monthly planning reporting and analysis

We work in a fast pace environment, rolling up our sleeves to build something bigger than ourselves. Other duties may arise from time to time/most of the time and as a team, we look to support each other.

### YOUR BRAND YOUR STORY

We already know you love working with supply chain and retail planning, but we want to know more about your strengths. You're good at the following:

- Create production plans to align with batch commitments to provincial boards
- Forecast – predict needs for provincial boards based on past sales history and trend
- Analysing past sales figures/trends to anticipate future product launches
- 2+ years of experience in a similar role
- Knowledge of complex MS Excel is a must.
- Degree in business or commerce an asset but not required.
- Experience with reporting, analytics and forecasting.

- Ability to dive deep into analysis while maintaining line of sight of strategy, goals and objectives.
- Experience developing and presenting reports.
- Builds strong relationships within the team and with cross-functional partners.
- Demonstrated ability to adapt quickly, maintain focus, execute with a high degree of accuracy while working with complex data in an environment of changing priorities and requirements.
- Self-starter, who works independently, takes responsibility and demonstrates integrity.
- Strong analytical, critical and problem-solving skills.
- Ability to work in a fast-paced environment.
- Ability to work accurately with close attention to detail.
- Ability to maintain confidentiality of sensitive information.
- Must have the ability to obtain and pass a RCMP Criminal Record Check and maintain security clearance.
